Twelve Months Prediction

As the planets move around the Great Circle of the Zodiac they pass through the 12 areas known as 'houses', each of which represents a different sphere of human life.* The moving planets also form angles or aspects with the positions of the planets in your birth chart. These planetary movements are called 'transits'.

Sometimes a planet appears to move backwards through the Heavens which is known as 'retrograde' motion, thereby repeating the aspects it makes to the planets in your birth chart. A retrograde planet is similar to the sensation experienced when you are on a train which overtakes a slower train, making the slower train appear to be moving backwards.

Your predictions for the next twelve months should be used as a helpful guide only. Events in your life may vary from the ones outlined in this forecast. While the planets do not dictate your future, they do provide crossroads and signposts to guide you on your personal voyage through life, helping you to make the right decisions, at the right time, and in the right frame of mind. At all times it is for you to choose the best path to follow, and to develop the most positive elements of your personality.

*When the time of birth is not known, a Midday chart is produced, which makes it impossible to include the house transits in the report or to accurately determine your Ascendant (Rising Sign) position.
